All karts after completing the Official timed practice, Heats, Pre-final and Final will proceed to the weighing area for scrutineering and weighing. **No crew will be allowed to enter the weighing area and assist the driver. Anyone caught assisting or handing items to the drivers will result in the exclusion of the driver concerned.** Only after completion of the weighing will the service crew be allowed to take away the kart.

However, this tyre must be inspected and marked by the Scrutineers before use. Bodywork in compliance with CIK Art 34 is mandatory. There will be no noise tests and drivers will not be required to comply with this Rule. Changing of chassis, engine and engine/chassis unit is forbidden between the start and finish of any race. Any karts involved in an accident at any time must be presented to the Scrutineers for rescrutineering before returning to the circuit. The Scrutineers reserve the right to impound any kart for rescrutineering after a race to verify compliance with the regulations.

13. **GRID POSITION**

Grid positions for the first heat in each class will be by Timed Practice. All karts in a class will be allowed out together for one 10 minutes Timed Practice session, during which time every lap will be timed. The fastest lap time for the kart during the session will determine the grid position. Grid position in the subsequent Heats will be by the finishing position in the previous Heat. The grid position for the Pre-final in each class will be determined from the total points scored in the heats with the lowest points scorer in grid number one. The grid position for the Finals in each class will be determined by the finishing position in the Pre-final. The starting order shall be 2-2-

14. **POINT SCORING AND DETERMINATION OF WINNERS**

The Overall winner in each class will be determined from 2 heats and a Pre-final and a Final. Points will be awarded for finishing positions in the heats thus: 1st – 0 points, 2nd – 2 points, 3rd – 3 points and so forth. At the end of the heats, the points will be totalled up with the competitor with the lowest points being in the pole position for the Pre-Final, and the grid positions being filled up to the maximum of karts allowed on the circuit, unless there are more entries in a class than the grid is permitted to take, in which case there would be elimination heats. The result of the pre-final race will determine the grid position for the final race. The overall winner for the day will be the winner of the final race of each class. For the purpose of points scoring in the heats, any driver that does not complete a heat will be credited with the number of laps he actually completed and his position will be determined after all race finishers have been placed. If a driver does not compete in a Heat for whatever reason, he will be credited with the same number of points plus two of the number of entrants in the heat.

15. **START PROCEDURE**

15.1 All starts will be rolling type. The grid shall be made up of two lines of karts. For the Heats, the grid shall be arranged in the order of the best lap times set during the Official Time Practice. The grid position for the Final shall be based on the finishing position in the Pre-Final.

15.2 Competitors in a race will be released from the Parc Ferme area and will drive at a reasonable speed to the starting grid where they will be positioned in the proper starting order. Any competitor found driving at excessive speed in the Parc Ferme area will be penalized.

15.3 Upon arrival at the starting grid, the driver will be positioned by the grid marshals. The Parc Ferme exit to the track will be closed to all drivers 5 minutes before the start of the race. Any driver still remaining at the Parc Ferme area will then only be allowed to join at the **back of the Grid** during the Warm-Up lap.

15.4 The approach to the Warm Up lap would be announced by signal boards showing 3, 1 minute and 30 seconds before the start.

- (i) **3 MINUTE** board
Everyone to vacate the Grid area except drivers, officials and 1 team member
 - (ii) **1 MINUTE** board
Everyone except competitors must vacate the Grid area.
 - (iii) **30 SECONDS** board
All drivers to start their engines and remain in their original Grid positions.
- 15.5 When the 30 seconds are up, a **Green** flag shall be waved by the Starter signaling the start of the Warm Up lap. The Red signal lights will be turned on. Drivers are to complete one Warm Up lap followed immediately by a Formation lap (i.e. total of TWO laps). In both laps, Drivers must **remain in their starting grid order** with the competitor starting from **Pole** position playing the role as leader of the formation in both laps. It is the responsibility of each driver to retain his grid position. If after two laps, the lead karts are still continuing at an excessive speed, the Starter will show a "Slow Down" board and if after one lap the speeding persists, the formation may be stopped at the start line with the False Start flag and the two lead karts relegated to the back of the grid.
In the case of the Pre-Final and the Final, the race will be started but the offenders will be penalised 10 seconds.
- 15.6 Any competitor who is not able to start the Warm Up lap must raise his arm. After all the other karts have left the grid, his mechanic will be allowed to make an attempt to start the engine. If it can be started **before** the completion of the Warm Up lap, the driver may re-join in the Warm Up lap at the original position of the formation. If the kart cannot be started, then it must be removed from the track to the pits. If following this the kart is started, it may join the race from the back of the grid after the race has been started.
- 15.7 Should a driver stop for any reason during the Warm Up or Formation lap, he may not attempt to re-start until he has been passed by the entire field. He may then re-join at the back of the Formation and must NOT try to regain his Grid position. If the kart cannot be started, then it must be removed from the track to a place of safety. Similarly, should a driver without stopping fall behind the entire field he must remain at the rear for the Start and must NOT attempt to regain his position.
- 15.8 The start of the race will be given by switching off the RED signal lights. If the formation is not to the satisfaction of the Starter he may switch on the flashing Amber light indicating that the formation is to continue on one more lap and the start will now be the switching off of all the lights.
- 15.9 In the case of rain, the Clerk of the Course may declare a WET RACE. The choice of tyres will be left to the drivers. However the Clerk of the Course reserves the right to use the black flag if he deems that a driver's kart is fitted with the wrong set of tyres and that the driver is too slow or a danger to other drivers (CIK General Prescriptions Art.2.14)

16. **JUMP START:**

- 16.1 A "**Jump Start**" will be deemed to have occurred when a driver crosses the Start line ahead of his prescribed grid position at the start of the race.
- 16.2 The penalty will be **10 seconds**, which will be added to the total race time of the driver concerned.

17. **RESTARTING DURING THE RACE**

Once a kart is on the circuit, whether in practice or during the race, **no** outside assistance is permitted. An Official of the meet may assist a driver to move a stalled kart out of a dangerous position but will not assist to restart. Drivers receiving assistance from any Pit Crew on the circuit during the race will be disqualified from that race and will incur a maximum point penalty.

18. **CREW CONDUCT**

The onus of responsibility for the conduct of crew will at all times be on the Entrant. Any misbehaviour on the part of the crew will not be tolerated and the driver will be liable to exclusion from the event for any breach of these regulations or refusal to obey instructions from officials of the meet. No crew are permitted on the circuit at any time without the express permission of the Clerk of the Course. Once the rolling lap has commenced, all crew must return to the Pits or Paddock. **SMOKING IN THE PITS AND PADDOCK IS FORBIDDEN. Those who defy this rule will be fined USD100.00** The Organiser reserves the right to refuse entry for any member of a Pit Crew into the circuit, Pits and Paddock and all areas under its jurisdiction without assigning a

reason. Failure to comply with such a request will render the driver liable to exclusion from the event.

THE DRINKING OF ANY ALCOHOLIC BEVERAGES OR INTOXICATION BY ANY OTHER MEANS (ie. NARCOTICS) IS ABSOLUTELY FORBIDDEN AND ANY DRIVER AND CREW FOUND GUILTY OF SUCH AN OFFENCE WILL BE IMMEDIATELY EXCLUDED FROM THE COMPETITION AND REMOVED FROM THE TRACK.

19. STOPPING THE RACE

Should it be deemed necessary to stop the race due to an accident and on grounds of safety or any other reason, the Red Flag shall be shown by the Clerk of Course at the Start Line and all other Flag Marshalls shall show a Red Flag to indicate the race has been stopped. All drivers will immediately stop racing and continue to the Start Line, being prepared to stop at any point as requested by an Official. The result of stopping the race is as follows:

- a. Should 75% of the race be completed, it shall be deemed a race and the result be the finishing order at the end of the lap preceding the stopping.
- b. Should less than 2 laps have been completed, the race shall be re-run in full and the 1st start be null and void.
